

Thank you for using the Medica online provider lookup to create a personalized directory. The search criteria you used to create this directory is shown below.

Although we make every effort to ensure that our provider information is up-to-date, providers join and leave our network throughout the year. Whenever you make an appointment, always check with the provider's office to verify that they still participate in your plan's network. Your plan name is shown on your ID card under "Care Type".

Our network is designed based on specific criteria that we apply to select network hospitals, primary care physicians and specialty physicians listed under Common Specialties in the search tool. These specialists, as well as additional specialties, are only included if they meet our credentialing requirements. In addition, we evaluate our networks to ensure members have access within a reasonable distance to these specialists. At this time, Medica doesn't use clinical quality, member experience or cost measures to select practitioners or hospitals for the network.
