

Arrowhead Head Start Health Alert!

Dear Parent/Guardian:

Someone in your child’s classroom has the health issue below. This note is to tell you signs to watch for in your child. Call your doctor if your child has any of these signs.

If you have questions call the Head Start Health Manager, at 748-7336.

Impetigo: Bacteria gets into the skin, most likely from a scratch or cut. It starts as red sores on the skin. They ooze and turn a yellow color and then get crusty. The sores can be itchy. They may spread to other parts of the body. Impetigo is easy to catch from other people.

If your child has impetigo, he/she can come back to school 24 hours after starting antibiotics. All sores must be covered.

Call your Head Start teacher or the Health Manager right away if a doctor says your child has impetigo.
