

Arrowhead Head Start Health Alert!

Dear Parent/Guardian:

Someone in your child’s classroom has the health issue below. This note is to tell you signs to watch for in your child. Call your doctor if your child has any of these signs.

If you have questions call the Head Start Health Manager, at 748-7336.

Strep Throat or Scarlet Fever: Starts within 2-5 days. Throat is very sore and may be red. There might be white patches on the tongue or back of throat. A fever and swollen neck glands are also common. A red rash starts on the neck, armpits, and private areas. It spreads to the rest of the body. The rash turns bumpy and feels rough.

If your child has strep throat or scarlet fever, he/she can come back to school 24 hours after starting antibiotics.

Call your Head Start teacher or the Health Manager right away if a doctor says your child has strep throat or scarlet fever.
