

Child Mental Health and Social and Emotional Well-Being

Policy:

Staff will provide a program-wide culture that promotes children's mental health, social and emotional well-being, and overall health. Staff will implement effective classroom management practices and will maintain a positive, developmentally, and culturally supportive learning environment. This will include providing supportive teaching practices and strategies for children with challenging behaviors and other social, emotional, and mental health concerns. Staff will identify and make referrals for children that are identified as needing more intensive mental health or social emotional support.
