

Services for Parents of Children with Disabilities

Policy

Arrowhead Head Start collaborates with parents of children with disabilities to ensure their concerns and needs are being addressed. This includes providing advocacy and support and connecting them with additional services as needed. The program will provide ongoing support for parent/guardians to help them gain a better understanding of their child's disability and strategies to support their growth and development.

See Services for Parents of Children with Disabilities Procedure

This policy complies with Head Start Performance Standard 1302.62
